

Environmental Educator/Naturalist (part-time)

The New Canaan Nature Center, a leading environmental education center and sanctuary, is seeking candidates for part-time weekday (starting Fall 2010) and Saturday (starting immediately) teaching positions. Weekday program responsibilities include teaching school programs for preK-6 grade and after school programs. Saturday position is as one of our Nature Adventure Birthday party naturalists. Training on program curriculum and animal and raptor handling will be provided.

Requirements: Candidates should possess or be pursuing a bachelors degree in science, education, environmental education or wildlife or have equivalent teaching experience. A strong interest and experience in the natural sciences and/or nature in general and at least one year experience teaching children is required. Reptile, mammal and/or raptor handling experience is preferred, but not required. Candidates should possess a sense of humor, professional and outgoing personality, and a valid drivers' license. \$12.00-\$15.00/hour depending on experience.

Please submit cover letter, resume and two references to:
